Although there are many contexts for teaching the Bible, most ministers are required to speak effectively to a larger group in the mode of a talk or sermon.

Exercise

Teach the word of God by giving a talk from a Bible passage.

Aims

1. To gain some confidence in public Bible teaching
2. To learn some basic principles of preparing and giving a talk on the Bible

Apprentices

1. Prepare a Bible talk to give to any group (youth group, Bible study group, Scripture class, Sunday School, Church, Camp)
2. Your Trainer needs to hear this talk, ideally live or alternatively via MP3 or video recording

Trainers

Give feedback on talk, including comments on the following:

- **Message** - the content of what was communicated
- **Method** - the structure and flow of the talk (outline, illustrations, application, clarity)
- **Manner** - presentation (voice, body language, mannerisms, rapport, attention)
