
Pray with Others

Christian ministers are to be people of prayer. One of the ways to exercise this ministry is to take every opportunity to pray with others, to make prayer a normal part of Christian relationship and conversation. By so doing we are helping people to live by faith in Christ in all circumstances.

Exercise

Pray with others naturally and spontaneously.

Aims

1. To learn to naturally pray with others in many different contexts such as:
 - after church
 - at supper
 - after Bible study
 - when visiting or sharing meals.
2. To learn to pray with those who are in distress.
3. To learn to pray with unbelievers at appropriate times when they want us to express their needs to God.

Apprentices

- Make it a habit to initiate prayer in many different ministry contexts

Trainers

- Work with Apprentices to help them develop this aspect of prayer. Modelling such prayer yourself is the greatest help.
- Observe Apprentices initiating prayer around the ministry activities.
